

4 Courses

Anatomy: Musculoskeletal and Integumentary Systems

Anatomy: Cardiovascular, Respiratory and Urinary Systems

Anatomy: Human Neuroanatomy

Anatomy: Gastrointestinal, Reproductive and Endocrine Systems

Feb 20, 2023

Mahmoud Elsherif

has successfully completed the online, non-credit Specialization

Anatomy

In this Specialization you will explore human anatomy using a systems approach, and a vast library of multimedia materials, so you may understand the features of different organ systems in relation to the human body's form and function. This Specialization covers the following organ systems: Integumentary System, Musculoskeletal System, Cardiovascular System, Respiratory System, Urinary System, Nervous System, Gastrointestinal System, Reproductive System, Endocrine System. This Specialization takes advantage of a highly visual multimedia library of accurate anatomical models and materials to help you better understand the topics.

The online specialization named in this certificate may draw on material from courses taught on-campus, but the included courses are not equivalent to on-campus courses. Participation in this online specialization does not constitute enrollment at this university. This certificate does not confer a University grade, course credit or degree, and it does not verify the identity of the learner.

Kathleen Alsup, Ph.D.
Lecturer and Curator,
Division of Anatomical
Sciences, Department
of Surgery
University of Michigan
Medical School

Glenn Fox, Ph.D.
Lecturer and Curator,
Division of Anatomical
Sciences, Department
of Surgery
University of Michigan
Medical School

Kelli Sullivan, Ph.D.
Lecturer, Division of
Anatomical Sciences,
Department of Surgery
University of Michigan
Medical School
